THE TICKETING PLATFORM THAT SELLS YOUR TICKETS FOR YOU

Stop just selling tickets. Start filling seats.

FanGenie is a full ticketing platform: reserved seat maps, box office, door scanning and settlement. **YourConcertTix** is the marketing engine wrapped around it. Your venue gets its own storefront, plus fans, affiliates and local schools out selling your shows on commission.

178
upcoming shows listed on YourConcertTix

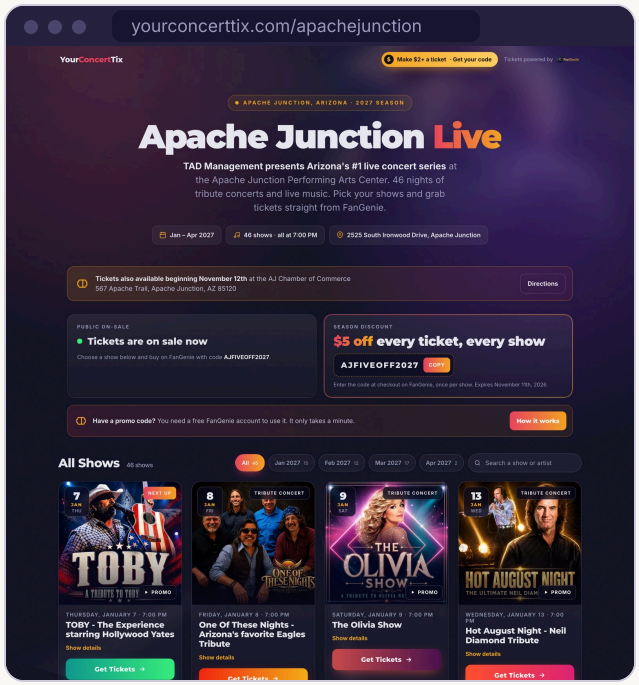

46
venues in 41 cities across 11 states

92
shows with paid affiliate sellers right now

$2–$15
per ticket paid to sellers, only when a ticket sells

1 Your venue gets its own box office online

Every FanGenie venue gets a branded season page on YourConcertTix: one link for your whole lineup, for posters, emails and every social post.

- **The whole season on one page**
  Poster art for every show, month filters, search, box-office details, and a "Get Tickets" button on each card. Works on any phone.
- **Keeps itself up to date**
  The page rebuilds from FanGenie every few hours. Add a show, change a time or set an on-sale date, and the page follows.
- **Season discount codes built in**
  Codes like "$5 off every ticket" sit at the top with a one-tap Copy button, plus a short how-to for first-time buyers.
- **Found by new fans**
  Your shows also appear in the YourConcertTix directory, browsable by venue, city and state.

Live today: Apache Junction PAC (46 shows), Lake Havasu Aquatic Center (29), the Historic Paramount Theatre (12) and Cocopah RV Resort.

2 A checkout fans actually finish

- **Reserved, GA and VIP in one map**
  Draw your real room: reserved sections, general admission and a VIP balcony, each with its own price and legend.
- **Season tickets, bundles and codes**
  Sell a season or a package of shows at one price, and run promo codes per show or season-wide.
- **Guest checkout, mobile tickets**
  No account required to buy. Card payments run through Stripe, and every ticket carries a QR code for the door.
- **Fans help themselves**
  Ticket transfers and refund requests are handled in the fan's own dashboard, not on your phone line.

The Historic Paramount Theatre: reserved left and right, GA floor, VIP balcony.

3 A sales force paid only when you sell

Most platforms list your show and wait. FanGenie pays fans, promoters and community groups a fixed amount for every ticket they sell, so hundreds of people have a reason to post your shows.

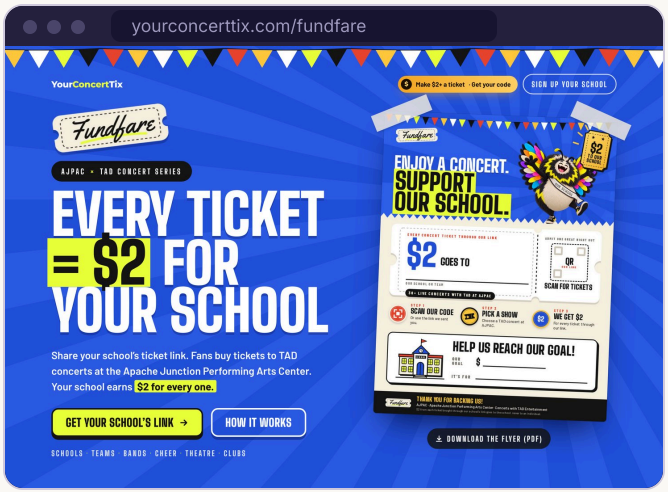

An affiliate's personal page: every show, each link tracked to them.

- **Any fan can become a seller**
  A free FanGenie account gets a tracked link for any show. Sellers earn on every ticket bought through it, paid to their FanGenie wallet or PayPal.
- **You set the commission per show**
  Today's rates run from $2 to $15 a ticket. It's a marketing cost you pay only after the sale.
- **One page per seller**
  Instead of juggling dozens of links, each seller gets a single page of your shows to share, with all their links built in automatically.
- **Fraud-aware tracking**
  One link per seller per show, and sellers can't earn commission on their own purchases.

FUNDFARE · COMMUNITY FUNDRAISING

Turn local schools into your street team

Schools, teams, bands and clubs each get their own ticket link. Every ticket bought through it sends $2 to the group. Parents and boosters share it because it raises money for their kids, and your shows reach families who have never been to your venue.

- **Ready-made print and social kit**
  Flyers, one-sheets, ticket backs and a goal tracker, all branded and ready to hand out.
- **Good press, built in**
  Your venue becomes the place that funds local schools.

Daily promo codes on social

A new code drops on Facebook and Instagram every day at 10 AM, which gives followers a reason to check back and buy.

A shared audience

Fans who come to YourConcertTix for one venue browse 178 shows at 46 venues, and find yours.

4 Everything you need to run the night

Your team gets a Venue Partner portal in FanGenie that covers the box office, the door and the books.

Box office sales
Cash checkout for walk-up and outlet sales, on the same inventory as online.

QR door scanning
Give each door staffer a scanner login. Tickets and passes are verified at the door.

Will-call lists
Master lists of every buyer and seat for each show, exportable for the door.

Settlement reports
Per-event transactions and settlement reports, ready for show-night close-out.

Seat maps you control
Build and edit your room's seat map once, then reuse it for every show.

Transfers and refunds
Approve refund requests and move tickets between buyers without re-issuing by hand.

Codes and passes
Promo codes, discount passes and season bundles, set by show or across the season.

Mobile app
Fans can browse, buy and carry their tickets in the FanGenie app.

Switching is simple

1 Set up your room
We build your venue and seat map in FanGenie with you.

2 Load your season
Shows go on sale, and your branded YourConcertTix page goes live.

3 Turn on the sellers
Pick your commission, launch codes and bring in schools.

4 Open the doors
Your box office and door staff are trained and scanning on show night.

LET'S TALK ABOUT YOUR NEXT SEASON

Let your fans sell your next season.

We'll walk you through a live venue page, a real seat map and the Venue Partner portal, then mock up your own season page before you commit.
